

FOUNDATION FLYER

Thursday 28th March 2024

Talking Topic

Our topic after Easter will be '**All Creatures Great and Small**' and will last for the first half of the Summer Term.

We hope to release our butterflies (currently caterpillars turning into chrysalises!) into the school grounds and are very excited to be going on our first school trip to Home Farm on **Friday 19th April**.

We are also going to learn about two very important people: Sir David Attenborough and how his love of nature informs and inspires us all; Mary Anning and the fossil discoveries that she made.

Happy Easter

Well, it's been quite a wet Spring Term so hopefully the Summer Term will bring some sunshine! Have a healthy, safe and relaxing holiday and we look forward to welcoming the children back after Easter.

Helping at Home

Please ensure your child continues to read to you and that they are learning their coloured words.

Continue to encourage your child to instantly recognise small amounts and combine them to make a whole. If you can do this in a real-life context, that would be best eg 3 Easter eggs and 4 Easter eggs is 7 eggs altogether.
