Dear Parent/Guardians,

Design and Technology Unit – Summer 2- Phenomenal Pneumatic Systems

Lower Juniors are very excited to announce our D.T. Unit – **Phenomenal Pneumatic Systems**. The children will be designing and making a moving animal using a pneumatic system.

For this DT unit, we would be most grateful if you could collect the following items which will help them to construct their pneumatic system:

- Clean, dry plastic bottle with a small nozzle e.g. washing up, energy drink, fruit shoot bottle
- Egg box *or*
- Shoe box *or*
- Clean burger box

If you have any spare items, they would also be gratefully received.

Please could this be brought into school on **Wednesday 1st July** in a named bag.

We are very much looking forward to seeing the children's creations.

Yours sincerely,

The Lower Junior Team
