Upper Junior Charity Event

Dear Parent/Guardian,

As part of our learning on 'Courageous Advocacy', our Upper Juniors have researched and chosen some charities that we are passionate about or hold a special meaning for us. We would love to offer children the opportunity to design their own fundraiser either as an individual or with friends.

Elsie's Rose *"Supporting families through life's most difficult journey"* (Hawkhill)

RSPCA (Ashley Heath) *"Every animal deserves our kindness"* (Deerleap)

War Child *"A safe future for every child living through war"* (Wilverley)

We will discuss in school what they would like to do and then they will come home with a sponsor form to see if anyone would like to sponsor them. Ideas could include: sponsored walk/run, sponsored read, sponsored fitness challenge, sponsored silence(!) or sponsored bake off – it's up to them!

Children will need your permission/supervision for any fundraising outside of school. We will be talking to them about safety, especially if they plan to do something in the community.

If your child would prefer to take part in something organised by us instead, they can participate in a daily mile challenge for an optional voluntary contribution.

Any sponsor money raised will need to be brought to school in a labelled envelope on or before **Friday 17th April**. We'd also love to see photographs of children taking part in their challenges so that we can celebrate them in school. We will be rewarding community colours for exceptional effort.

Thank you for your support.

The Upper Junior Team
