We recommend purchasing **one Maths** resource, **one English** resource and **one Reading** resource from either the ARE (Age-Related Expectations) range or the GDS (Greater Depth Standard) range, depending on your child's current attainment.

ARE (Age-Related Expectations)	**GDS (Greater Depth Standard)**

To place an order, please complete the Google Form HERE and make payment via your child's Arbor account by Friday 13th November.

Please ensure the payment made matches the resources selected on the form. Unfortunately, we will be unable to process orders if the correct payment has not been received by 13th November.

If you are unsure whether your child should receive the ARE or GDS resources, please contact your child's class teacher, who will be happy to advise.
