Starting school is an exciting time with lots of new things to think about! Tick one thing off your list with the help of this booklet and plan your child's journey to school.

Why choose active?

Walking, wheeling, scooting and cycling are active ways to travel to school. Whether it is for the whole or part of the journey, choosing active travel has lots of benefits!

Reduces congestion	Safer journey with fewer cars	Saves money	Reduces air pollution
Healthy for body and mind	Quality time with family and friends	Improves concentration	Become more street savvy

Need to drive?

If you have no choice but to drive, we ask that you do so in a safe and considerate way that protects our local community and is respectful to neighbouring residents.

Park and Stride, driving for part of your journey, parking away from school and actively travelling the remaining 5-10 minutes, is a great option if you need to use the car. You get to enjoy the benefits of active travel within your busy schedule!

Think zigzags

Unlike adults, children cannot see over parked cars. Likewise, drivers may not be able to see children trying to cross the road. The yellow zigzags help to keep the road clear creating a safer area for children to cross. It is important not to park or wait on the yellow zigzags at any time.

Essential journey information

School gate(s) opening times

Our school gates open at 8.45am each morning and close promptly at 9am. They are opened at 3.25pm in the afternoon for collection.

For children attending Breakfast Club, the main black gates only will be opened upon request from 8am onwards.

If your child is attending our Den after school club, please call the number displayed on the school gates when you arrive to collect your child and they will be brought to you.

Location of entrances

We have 3 entrances to our school:

- The main black gates on Hordle Lane
- The back gate which can be accessed via Longfield Road
- The Church gate which can be accessed through the Church yard

Cycle/scooter storage

We have a bike and scooter park which is located at the back of the school field, behind our Nest nursery building. This is the only place that bikes and scooters should be stored.

Please note that bikes and scooters are left at your own risk and we suggest that you use a padlock to secure them.

If you need to drive to school...

Please take the time to read our [Park and Stride Map](#) to help make the school run safer and healthier for our families and community.

Please remember to NEVER park on the yellow zig zag markings.

The rules: entering staff/ onsite car parks

Access to the school car parks (both at the rear and front of the school) is for staff use only. This includes for turning and dropping children off.

Should you require access for any reason, you must obtain express permission from the Headteacher.
